DeValera Rule Gets Vote Test

DUBLIN, Feb. 4 (UP)—Eamon de Valera's 16-year-old rule as prime minister of Eire was challenged at the ballot box today by Sean MacBride, Dublin attorney, who is expected to win the election.

An expected 80 per cent of Eire's 1,800,000 voters began balloting at 9 a. m. in the hottest general election in 25 years.

At stake are 147 seats in the Dail Eire, Eire's national assembly. De Valera's Fianna Fail (Government) party will have to win 74 seats if he is to remain prime minister. The prediction is that he will win only 65 to 68.

MacBride, the 42-year-old challenger, is expected to take 20 seats. Should de Valera fail to win a parliamentary majority, the choice as a new prime minister would depend upon political deals to produce a coalition leader.

May Be Replaced
Should de Valera fail, the betting is he would be replaced by MacBride. The new prime minister would be a man of political opposition in the past year.

MacBride's party, which did not exist in the last election on May 30, 1944, predicted de Valera to hand in two by-elections. De Valera called a general election 10 months ahead of schedule to head off his young challenger before he gained more strength.

By-Election Lost
MacBride's party won both elections. The previous election had been continued in office until next June, but it was dissolved by de Valera and new elections were called for today.

Voting will end at 8 p. m. and counting will start tomorrow.

Filer Woman, 86, Charging Trick in Suit

A 86-year-old woman claims her husband, who died in 1944, was tricked into signing a will for her, according to a complaint filed today in district court.

Mrs. Sarah A. Beem alleges her daughter, Mattie E. Hammerquist, also 86, had filed papers to have the will declared "void" on the ground that her father "purports to be a surrender" of Mrs. Beem's lifetime lease on the property.

Charge Trickery
As she has been bedridden since May 20, 1945, she claims the trick was used to get her to sign the will. Her daughter seeks to annul the will.

The allegations grow out of an agreement made between Mrs. Beem and her daughter, Mattie E. Hammerquist, and her son, Grover C. Beem and Belle Tull. The agreement was made Dec. 1, 1944.

Exchange Told
In exchange for turning over property to the children, each was to receive a year's income. Part of the agreement called for her lifetime occupancy in the quarters she occupied at the time.

Mrs. Beem says that her husband, who died in 1944, was tricked into signing the will. She is represented by Attorney George W. Smith and Leonard H. Jacobs.

Motorist's Heart Fails After Car Skids Into Ditch

BURLEY, Feb. 4 (UP)—While attempting to get his car back on the highway, a motorist died today after his heart failed after his car skidded into a ditch at 9:25 a. m. Wednesday.

The driver, Alvin and George A. Conrad, Twin Falls, who were helping Mr. Conrad get his car back onto the road, reported that he died of a heart attack at 9:25 a. m. Wednesday.

He was found on his body by the Twin Falls ambulance working out of Salt Lake City, Utah.

3 Soviet Charges Rejected by U. S.

WASHINGTON, Feb. 4 (UP)—The first three of Soviet charges against the United States in connection with the atomic bomb were rejected today by the State Department.

Missing Baby Returned

Mrs. Louis B. Anders weeps as she holds her baby, Lee, six-month-old, following his return after being taken from an automobile at a country dance near San Diego, Calif. Mrs. Anders, 37, (left) children wife, said she took the baby because her heart yearned for him. Her case has been referred to the probation department without criminal charge. (AP wirephoto)

U. S. Sifts New Arms Aid to Greeks, Turks

WASHINGTON, Feb. 4 (UP)—Secy. of State George C. Marshall disclosed today the state department is considering the possibility of a new military aid program for both Greece and Turkey.

Marshall told his weekly news conference that specific proposals for a new program for Greece have been received from the American mission in Athens. They are being given full study.

Comparable figures proposing new military aid for Turkey are en route here, Gen. Horace McBride, a member of the U. S. military aid mission in Turkey, is bringing the new figures to Washington.

The original Greek aid program was \$10,000,000—half of which was to be used for military purposes. Because of Greek communist warfare against the government at least \$10,000,000 of the economic funds already have been transferred to the military.

The need for additional military aid in Greece has been known for some time. The original Marshall news conference highlights:

1. He was unable to say when the proposed aid for China program will be sent to congress.

2. He reiterated the need for enactment of the European recovery program (ERP) by April because funds for the interim relief program will be exhausted by that time.

3. He confirmed that the United States, Britain and France will be discussing in London on Feb. 10 looking toward the possibility of creating a "friction" in western Europe.

4. He said that the state department is not submitting a new report on the situation in the U. S. and that it is planning to leave the end of June.

Oregon Votes Set On GOP Bidders

SALEM, Ore., Feb. 4 (UP)—Oregon Republicans are preparing today for the names of Thomas E. Dewey and Harold E. Stassen would be announced.

Robert Elliott of Portland, chairman of the Oregon Republican party, said today that the names of Thomas E. Dewey and Harold E. Stassen would be announced.

Truman's Cost Plan 'Doomed'

WASHINGTON, Feb. 4 (UP)—Senator Sparkman, D., Ala., declared today that most of President Truman's anti-inflation requests are doomed.

The Alabama senator has been one of the loudest critics in the fight for the President's 10-point cost of living program.

Sparkman told a reporter the hopelessness of the situation was made plain by a recent banking committee decision to kill a bill which would have permitted price controls for meat.

"Mildest Bill"
"That bill," said Sparkman, "was by far the mildest anti-inflation measure before the banking committee. It seems mighty clear to me that the Republicans are not going to do anything about living costs, except extend rent controls in some form or another."

Actually, one Democrat joined two Republicans in recommending that the "get ready" meat rationing bill be allowed to die. One Republican and one Democrat voted for it.

The subcommittee report now is before the full banking committee. Chairman Tamm, R. N. H., himself in favor of the measure, predicts the main group will back up the subcommittee when the bill comes before another vote, probably next week.

The full committee also expects to vote next week on legislation which would set up a new price control board.

These are the measures Sparkman says he does not have a chance.

Early Rent Action
Meanwhile, Senator Taft, O., chairman of the senate Republican policy committee, said he expects the committee will vote to come up in the senate about Feb. 18. The present law expires Feb. 28.

He said he expects to have some of a measure in the hands of the full banking committee by Friday.

He said that while he does not know how his four subcommittee colleagues feel, he will "strongly" recommend that congress free rent controls "luxury" homes and apartments—probably those renting from \$150 to \$225 a month and up.

India Militant Band Barred; 60 Are Jailed

NEW DELHI, Feb. 4 (UP)—The government today banned the militant Hindu youth organization Rashtriya Sewa Sangh (RSS) and arrested 60 of its members in a nationwide campaign against it.

The government statement on the suppression of the RSS said the "cult of violence" which it sponsors is a danger to the nation.

The ban was in keeping with the government's program outlawing private armies.

The campaign against extremists has been one of the main features of the government's policy since the RSS, the striking arm of the extremist organization Mahasabha.

The RSS is a Hindu nationalist organization which advocates the use of force to achieve its aims.

Farm Devices 'Black Market' Probe Slated

WASHINGTON, Feb. 4 (UP)—Chairman Clifford Hope said today that his house agriculture committee eventually may come up with some legislation to control what he termed a "serious black market" in farm machinery.

The Kansas Republican made his statement in announcing that the committee will open public hearings Feb. 10 on the entire question of farm machinery shortages.

He said he and other members of the house agriculture committee are receiving letters from all parts of the farm belt complaining that farm machinery is scarce and that when it is available it often carries a premium price.

He said that while he does not know how his four subcommittee colleagues feel, he will "strongly" recommend that congress free rent controls "luxury" homes and apartments—probably those renting from \$150 to \$225 a month and up.

More Snows Predicted for Rockies Area

By The United Press
More snow flurries are in store for Idaho and Utah tomorrow, the Salt Lake City weather bureau warned today.

Forecasters said the flurries would begin today in northern Idaho and Utah, and move southward from there.

Temperatures will remain about the same, however. The Chicago weather bureau office reported another cold wave moving south as it did last week.

Heavy rains and snows were expected in drought-stricken California today, the weather bureau said.

The bureau also is going into the question of the impact of farm machinery exports on domestic supplies.

It said he and other members of the house agriculture committee are receiving letters from all parts of the farm belt complaining that farm machinery is scarce and that when it is available it often carries a premium price.

He said that while he does not know how his four subcommittee colleagues feel, he will "strongly" recommend that congress free rent controls "luxury" homes and apartments—probably those renting from \$150 to \$225 a month and up.

Annual Dinner of Lions Club to Be Held on Feb. 25

Plans for the Lions club's annual banquet honoring charter members will be held on Feb. 25 at the Hotel Idaho.

The banquet will be held at the Hotel Idaho, and will feature a variety of entertainment.

The Lions club is a service organization for the blind, and the banquet is one of its major fund-raising events.

Solons Okay 21 1/2 Billions Budget Cuts

WASHINGTON, Feb. 4 (UP)—House and senate budget makers agreed today on a \$2,600,000,000 cut in President Truman's budget.

That would leave a potential surplus of \$10,100,000,000 for tax and debt reduction.

Because of the admittedly tentative nature of their estimates, however, the congressional spokesman said away from concluding that their budget would leave room for the full \$6,000,000,000 tax reduction voted by the house.

The senate intends to keep the tax reduction bill on ice until it settles on whether the budget will stick.

An agreement on the proposed budget cut was reached at a meeting of the 20-member subcommittee of the house-senate budget group. Its recommendations will be submitted to the full 102-member committee Friday.

Chairman Stanley Bridges reported that the sub-group agreed on a package of cuts totaling \$2,600,000,000. The cuts would be made in the fiscal year 1949. That figure was nearly \$3,000,000,000 over Mr. Truman's revenue estimate.

Bridges also disclosed that the subcommittee had agreed that government spending should total no more than \$120,000,000,000 compared with Mr. Truman's estimate of \$92,000,000,000.

He said that while he does not know how his four subcommittee colleagues feel, he will "strongly" recommend that congress free rent controls "luxury" homes and apartments—probably those renting from \$150 to \$225 a month and up.

Markets Take Sharp Breaks For Big Loss

NEW YORK, Feb. 4 (UP)—Stocks, bonds and commodity markets closed today with gains and losses. One-day limit losses ranging to 3 and 4 points in wheat and cotton down as much as 17 a bushel.

Losses in the stock market ranged to more than 3 points in the main index. More than a point, Chrysler and General Motors were each off more than 3 points in the day and the decline carried the industrial group to a new low for nearly eight months.

Wheat in Chicago was down 10 cents a bushel, corn off 4 cents and soybeans 3 cents. Cotton was down as much as 17 a bale. Rice fell to 15 cents and sugar to 14 cents.

The decline wiped out more than a billion dollars in market value of listed stocks and in the industrial was the widest break since mid-April, 1947.

In commodity markets, wheat in grain, prompted largely by improving crop reports from Europe, closed with prospects for a good winter wheat crop in the United States.

Analyst Lauds Nehru's Stand In India Strife

By DEWITT KACKEZIE
AP Foreign Affairs Analyst

Jawaharlal Nehru, prime minister of the Hindu dominion of India and fatherly disciple of the martyred Gandhi has declared that the rest of the world should take peace in its stride.

That's Nehru's answer to those who view the Mahatma as his answer to those who tell us, also plotted to kill Nehru and other members of his cabinet because they advocated peace with the Muslims as Gandhi taught.

Good for Nehru! Such a stand for right and justice deserves success, but Gandhi's death emphasizes that the prime minister will be up against this appalling fact:

Some Want Strife

There still exists in this sorry world of ours powerful interests that don't want peace—or if they want peace, it must be the kind they themselves impose by force. That's the reason the United Nations can't function. It's the reason why wars still continue, and it is responsible in great degree for continuation of the economic chaos in many countries.

However, Nehru has recognized this truth and his declaration has been backed by concrete action. The home ministry at New Delhi has abolished "any organization preaching violence or communal hatred." And we are likely to hear that this has hit in powerful quarters. The government also has banned private communal armies.

Peace for Peace

A mass meeting attended by an estimated half million people heard Nehru call on Indians not to take the law in their own hands, for "that is just the thing Gandhi would have abhorred."

That's the way Nehru is tackling the high and mighty who, for their own purposes, want war in India. As for the hundreds of millions among the rank and file, they want peace. And because of that desire among the masses, I believe that in the long run peace will win in India.

Gas Almost Choked Him

"My stomach swelled with gas until I could hardly breathe," said one man living near here. "I couldn't sleep, in fact had horrible nights. Was always constipated. I got INNER-AID. Oh! What relief! It worked so much gas from me that my stomach reduced 4 inches. Can my stomach trouble be cured? Sleep soundly now. Bowels also have been given a Great Cleansing."

INNER-AID is the new mixture of 12 Juices from Nature's Herbs. It has relieved many people who had never been really helped before by any medicine. Taken shortly before meals it mixes with your food, thus eliminating the poisons that foster stomach trouble. It will cleanse the bowels, clear gas from stomach, enliven liver and remove old bile from the system. So don't go on suffering. Get INNER-AID. Sold by all drug stores.—Adv.

Two Vet Help Measures Get House's Okay

WASHINGTON, Feb. 4 (UP)—Two bills benefiting veterans broke out of a log-jam and passed the house by a 371-5 vote today.

One went to President Truman on a 370-4 vote. It would:

1. Raise the allowance for unmarried veterans in college from \$45 a month to \$75.
2. Pay a married student with one dependent \$105 a month, and those with two or more dependents \$120.

The payment for all married students now is \$90.

Must Await Agreement

The other bill would raise the amount a veteran taking on-the-job training can receive from his employer while getting government assistance allowances. It passed 371-5, but it differed with the version passed by the senate and must await an agreement between the two chambers.

As approved by the house, it would allow single men to receive \$250 a month in combined allowance and salary, those with one dependent \$225, and those with two or more \$250. The present ceilings are \$170 for single men and \$200 for married.

No Raise in Subsidies

The present ceilings on subsidies allowances would not be changed. These are \$60 a month for single veterans, and \$90 for married veterans.

Both bills passed the senate last summer. The house veterans affairs committee approved them and Chairman Rogers, R. Mass., set out to get them before the house.

Mrs. Rogers estimated the annual benefits to college students would cost the government approximately \$217,000,000 a year.

Anderson Smart Man, Nichols Finds; Lets Wife Boss Garden

WASHINGTON, Feb. 4 (UP)—Just what Anderson probably is, the smartest gardener in the world. He never plans a back yard plot that is too big for his wife to handle.

Don't misunderstand the secretary of agriculture. It isn't that he doesn't get a good out of planning, hoeing, weeding and just plain watching things grow. Or swilling up as big as the next one with the boys at the office hour tender his string beans.

Or sitting down to a nice, leafy dinner right out of the garden. He certainly does enjoy all those things.

But the simple facts are these:

1) His wife is a better gardener than he is. 2) One garden expert in the family is enough. 3) He's too busy telling other people how to plan freedom gardens. Twenty million of 'em. So that we can walk around with a tumblerful of vegetables—as one of his lieutenants puts it—and help feed Europe at the same time.

Anderson went into the matter thoroughly when he spoke before the National Garden Institute here. It was a nice cold day for it. And it gave a man that warm feeling to dream about again getting his fingers into the good earth and planting a bed of red radishes and yellow turnips.

The colorful seed catalogues have been out for some time. Pretty pictures that make the mouth water. Yellow hantam corn. Green cucumbers. Bright red tomatoes, beets, cauliflower and potatoes.

Bund Leader Flees Dachau Prison Camp

MUNICH, Feb. 4 (UP)—Fritz Kuhn, reported leader of the German-American Bund in the United States, escaped from the Dachau internment camp last night, according to American authorities.

Kuhn was awaiting trial before a German denazification court in Bavaria on the basis of documents that were sent to Germany from the United States.

Deported in 1945

Kuhn was deported to Germany from the U. S. in Sept. 1945, and worked for a while at a Munich chemical plant. He was scheduled to be tried on a charge of having been a ward chief in the N. S. party.

As a major offender he would have been subject to a maximum prison sentence of 10 years.

Kuhn was arrested on his arrival in Germany, later released, and arrested again last July. During his period of freedom he lived with his wife, Elsa, and son, Walter, who were deported to Germany in Feb. 1944, on the exchange ship Gripsholm.

Naturalized Citizen

Kuhn was born in Munich in 1890, went to the U. S. after World War I and became a naturalized citizen in Detroit in 1934.

He became a leader of the German-American Bund in New York in the 1930s and arrogantly preached Nazi principles, holding two mass meetings in Madison Square garden.

In Nov. 1937, he was found guilty of dishonesty in handling bond funds and sentenced to 2 1/2 years in Sing Sing prison. His citizenship was revoked in 1943 and he was deported two years later.

PTA at Bickel to Hold Food Sale

The enlistment of Dwight L. Castle, 18, and Robert C. Forley, 17, of Twin Falls, Idaho, was announced Wednesday by First Lieut. George P. Claxton, officer in charge of the Twin Falls army recruiting station. The two youths are both graduates of the Magic Valley high school.

January Building Estimates Triple

Estimated construction during January actually tripled the corresponding figures of the same month of last year. The increase is explained by the fact that the construction industry is now in a boom. The estimated construction for January was \$1,000,000, compared with \$333,333 for January of last year.
